D.I.Y. MONTH 2020!

Comic Books have long been a prime example of the "Do-It-Yourself" or **D.I.Y.** spirit. And these days, with people spending more time indoors during the COVID-19 crisis, many of us have turned to different pursuits that call for some *assembly*! Whether you're writing or drawing the next hit comic book, learning a new language, puzzling your way through a few thousand jigsaw pieces, or building an awesome Japanese robot model, you've been doing what you can to make 2020 (the year that sucks more than any other in history) better by making stuff yourselves! And as we prepare to launch headlong into the new (and hopefully better!) year, we feature throughout this issue the stuff to which you can turn to help make your 2020/2021 life a bit more bearable! You can start with our curated list of **D.I.Y.** inspired books and merchandise on **Pages 182-183** of this issue, then look for the **D.I.Y.** icon throughout this issue!

PREVIEWS FROM THE EDITOR

JUST DO IT (YOURSELF)!

As a kid, I loved building models. My childhood bedroom's ceiling was littered with a couple of dozen airplanes and rockets (and even a pterodactyl!) that I built and painted and strung up with thread. The shelves over my desk were equally populated with built-up models of the Universal Studios Monsters, *Planet of the Apes* characters, and custom cars like the *Red Baron*, *Munsters Koach* (*Drag-U-La*, too!), and *Rommel's Rod*, among others. And I could always be found with pencil to paper, drawing huge scenes filled with monsters battling great armies, or alien landscapes populated by astronauts and weird spacemen.

Years later in my teens, *Dungeons & Dragons* got my attention… and I began painting lead miniatures to use in our game sessions. I have boxes and boxes of these little wonders… along with a "rainy day" box filled with dozens of now out-of-production minis that I never got around to painting.

Basically, the *Do-It-Yourself* impulse has been strong with me for many, many years. And I brought that impulse to play in the production of Diamond's ***PREVIEWS*** catalog over three decades ago. Now I wouldn't call ***PREVIEWS*** a "D.I.Y. project"… that's crazy talk! But all the members of our team have their jobs and monthly tasks to complete, and we get them done to the best of our abilities so you can enjoy the latest and greatest in Comics and Collectibles each month!

And this month, we're celebrating the *Do-It-Yourself* impulse with our ***D.I.Y. Month*** theme. Over on **pages 182-183**, we have an introductory sampling of D.I.Y. books and merchandise that can help you with the next great comic book, or to putting a freshly constructed model robot or character on your shelf.

With everyone stuck indoors during the COVID-19 pandemic, and with Winter just around the corner, it's the perfect time to get your fun D.I.Y. projects lined up, for those down times when you're not remodeling the kitchen or bathroom, or learning a new language or skill!

Stay safe out there, folks! Visit your comics shop regularly (and safely) and keep the faith. We'll get through this thing. Not by ourselves, but together!

Your Pal @ ***PREVIEWS***,

Marty

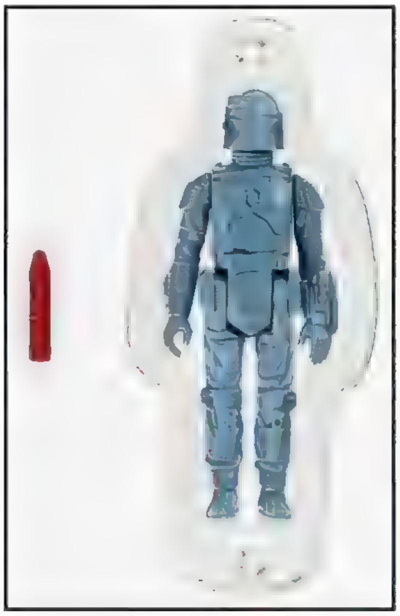
Hake's Auction #230 Rises to $2.1 Million

In September 2020, Hake's Auctions hosted a premier auction of pop culture and Americana memorabilia that totaled $2.1 million. Leading the auction was a one of a kind 1916 Boston Red Sox 6" button that sold for $62,980. It was closely followed by a Boba Fett rocket-firing prototype (L-slot) AFA 80+ NM that realized $62,239.

Another *Star Wars* sale was the Luke Skywalker 12-back-A AFA 80 NM double-telescoping with SKU on the footer that reached $32,450. Top comic sales were *Superman* #1 CGC Restored 6.0 for $42,992, *Batman* #1 CGC Restored 6.0 for $33,633, and *Tales of Suspense* #39 CGC 8.0 for $26,609. Leading political items was a Cox & Roosevelt 1920 campaign jugate for $35,695.



Amazing Spider-Man #14 Gets 2 Records at ComicLink

ComicLink reported two recent record-setting sales in grade for *Amazing Spider-Man* #14. On September 22, 2020, a copy graded CGC 9.0 sold on ComicLink's Exchange for $9,500 and a copy graded CGC 8.5 sold in the September Focused Auction for $7,600.

This is in addition to a record set in ComicLink's August Featured Auction when an *Amazing Spider-Man* #14 CGC 9.4 sold for a record $18,750. The issue contains the 1964 first appearance of the Green Goblin as well as Spider-Man's first encounter with the Hulk.

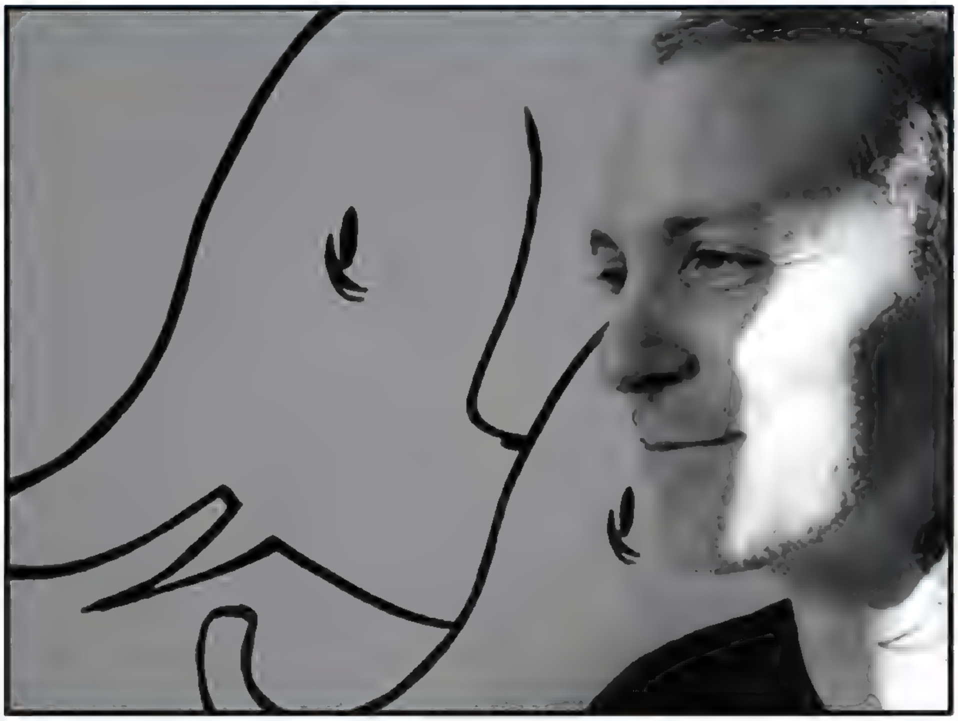
EDGE ESSENTIALS

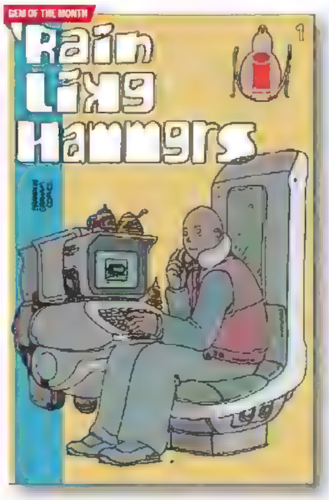
Pick up these books to learn more about Brandon Graham's *Indie Edge* style!

- **King City TP** (DEC110506)
- **Multiple Warheads Vol. 1 TP** (OCT130496)
- **Prophet Vol. 1: Remission TP** (JUN120482)



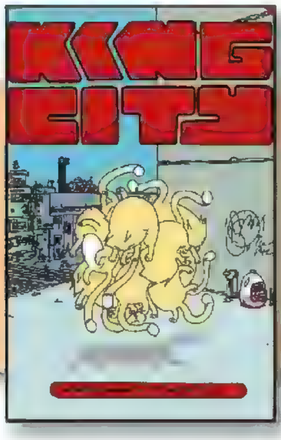
Please tell us a bit about yourself!

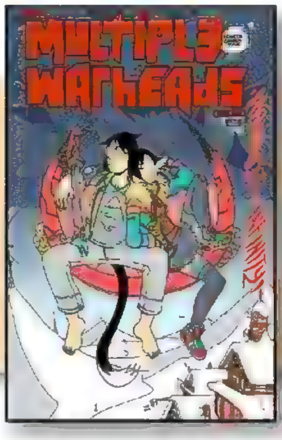
Brandon Graham was born in 1976, the grandson of pin-up artist Bill Randall . He grew up in Seattle around a lot of graffiti and comics. He was a member of the alternative comics collective, Meathaus. His books include *King City* (DEC110506), *Escalator, Walrus, Multiple Warheads* (OCT130496), the relaunch of *Prophet* (JUN120482), *Island,* and the forthcoming five issue miniseries, *Rain Like Hammers,* which launches from Image Comics in January 2021.

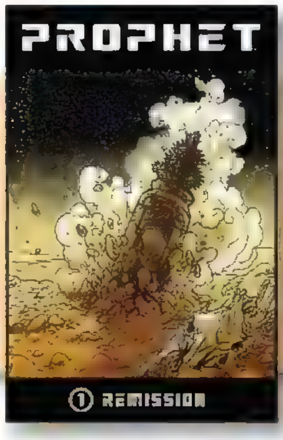


What are your favorite projects you've contributed to over the past decade?

Prophet (JUN120482), which I did with Simon Roy, Giannis Milogiannis, and Farel Dalrymple, was especially fun to think about where Rob Liefeld's Superhero universe would be thousands of years in the future!







What are you currently working on?

I'm doing a 5-issue series called *Rain Like Hammers* (See **Page 34** of this issue!) with Image Comics. It's about a super criminal who has to rethink who he is after he puts his mind into a genetically-engineered butler body on a castle planet while another character is trying to solve what is attacking the walking cities that roam a desert world.

What fun titles are you reading?

Gold Digger (#276 / FEB201479) is such a blast! Almost at 300 issues — all by Fred Perry — and it still manages to feel fresh!

Simon Hanselmann's *MegaHex: Megg and Mogg* (JUL141215) feels like one of the only things that's successful at poking fun at how strange life in 2020 feels.

I'm also reading Herge's *Tintin* (*Complete Collection Set* / AUG192074). I love seeing how his characters interact, and how he shows the world evolved over his life. Plus, all the fun of an astounding amount of knockouts, hard drinking and secret societies.

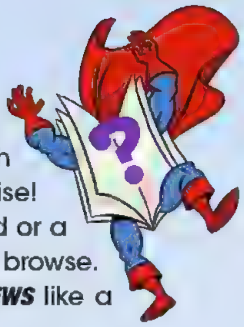
Learn How to Use *PREVIEWS* to Order From Your Comic Shop!

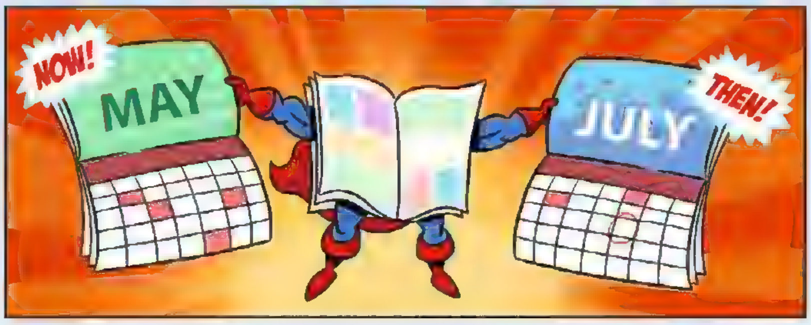
USER'S GUIDE



There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



NOW!
MAY
JULY
THEN!

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more)**. For example, if you found a comic you wanted in the **May** issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in **July**. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

ON THE BRINK OF DEFEAT, EARTH TREMBLES AGAINST THE KING IN BLACK

Earth's heroes face final defeat at the hands of Knull and his army of symbiotes as Marvel Comics' King in Black event continues in January's *King in Black* #3!

Earth's heroes underestimated the threat posed by Knull, the god of the symbiotes, and his dragons and overestimated their own ability to counter his invasion. Now Earth is in the death grip of Knull and his minions, Earth's heroes are reeling from their losses, and their options are dwindling rapidly. But hope, though fading, is not extinguished as Earth's heroes prepare to give their last, full measure in their defense of life itself against Knull and his armies of death!

Donny Cates and Ryan Stegman continue their best-selling event with the epochal *King in Black* #3 in January. The stakes have been raised, the challenges Earth's heroes face are overwhelming, and the threat posed by Knull will test and push the heroes to their breaking points — and beyond. This is Earth's darkest hour, and no Marvel fan can afford to miss this!

With tensions rising between the Na'vi tribes and humans encroaching on the Na'vi homeworld, Jake Sully questions his own place among the Na'vi natives.

Writer Charles Soule discusses *STAR WARS: THE HIGH REPUBLIC*

200 REASONS WHY WE LOVE *STAR WARS*!

***STAR WARS* INSIDER editor Chris Cooper takes us through what has gone into this monumentous issue!**

CHRIS COOPER – *STAR WARS* INSIDER EDITOR

What is your earliest memory of *Star Wars*?

It's hard to say precisely, as several things happened at around the same time. First, was seeing R2-D2 and C-3PO guest star on The Donnie and Marie Show on TV. I didn't know who they were, but they looked so amazing (the droids, not the Osmonds.)

It was also around that time that the *Star Wars* novelization appeared in my local bookstore, and I remember visiting several times just to stare at the "16 pages of fabulous color!" in the middle of the book. I hadn't seen a single frame of the film, but I was hooked!

How did your relationship with *Star Wars* Insider begin?

I was a card-carrying member of The Official *Star Wars* Fanclub - I still have the membership card - way back when Bantha Tracks was its newsletter, and I used to pick up the early Insiders in the Forbidden Planet store in the late 90s. Titan published a UK magazine, which I also collected before both magazines merged to become the Insider we know today. It's always been a great magazine, so it was an honor to be asked to take over as editor at the tail end of 2017.

Prior to that, I'd edited *Star Trek* Magazine and Titan's UK *Star Wars* Comic, so maybe Insider was in my stars. Which is a terrible pun. Delete this!

What is your favourite quote from a *Star Wars* film?

I'll give you two: "I am a Jedi, like my father before me," because Luke denying the Emperor his victory is my perfect *Star Wars* moment. The other is the first line of dialogue in *A New Hope*: "Did you hear that? They've shut down the main reactor. We'll be destroyed for sure." I can't say why I like that line so much, but I do.

What are you most looking forward to for the future of the *Star Wars* Universe?

Definitely seeing how *Star Wars: The Mandalorian* develops. Second seasons of good shows tend to open things up storywise, and third seasons are the charm, so that's exciting. And I'm interested in what ILMxLAB are doing with *Star Wars* in the VR space. Virtual Reality suddenly seems to have made huge advances, and I find that new way of telling stories interactively really fascinating, both technically and as a writer.

What has been the most exciting part of editing *Star Wars* Insider?

I have a lot of fun looking through old reference photos for the *Star Wars* Archive feature.

Do you have any particular interviews or features from over the year that stand out as your favourite articles?

That's a tough question, as there are so many! We've got some great stuff coming up in #199, including a lovely interview with Ahmed Best (JAR JAR BINKS). On a personal level, I really enjoyed researching and writing the feature on Elstree Studios for issue 197. In the same issue there's also a great feature on how critics and the public responded to *The Empire Strikes Back* in 1980.

LITERARY, FANTASY, ANTHOLOGIES | SERIES PREMIERE

ICE CREAM MAN writer **W. MAXWELL PRINCE** brings his signature style of one-shot storytelling to the world of clowns—and he's invited SOME OF THE COMIC INDUSTRY'S BEST ARTISTS to join him for the ride.

HAHA is a genre-jumping, throat-lumping look at the sad, scary, hilarious life of those who get paid to play the fool—but these ain't your typical jokers.

With issues drawn by **VANESA DEL REY** (**REDLANDS**), **GABRIEL WALTA** (***Vision***), **ROGER LANGRIDGE** (***Thor***), and more, **HAHA** peeks under the big top, over the rainbow, and even inside a balloon to tell a wide-ranging slew of stories about "funny" men and women, proving that some things are so sad you just have to laugh.

The gut-punch storytelling of **ICE CREAM MAN** is echoed in these standalone clown stories, which range in genre well beyond just the horror nods to Pennywise.

Writer **JASON AARON** & artist **r.m. GUÉRA** return to the stark and brutal world of **THE GODDAMNED** for the long-awaited second chapter of their biblical-noir epic.

"...the sons of God came in unto the daughters of men. And they bore children to them..." Genesis 6:4

In the time before the Great Flood, the world of man is a place of wanton violence and unbridled depravity. But hidden high atop a mountain, there is a very different sort of world. One without men. Here, the holy sisters at a secret nunnery live in paradise, a new Eden, rearing their flock of orphaned girls to embrace their future as blessed Brides of the Sons of God. But when Sharri and Jael, two girls on the cusp of flowering, uncover what it truly means to become a Bride, they realize there's only one way to escape the bonds of matrimony: run like hell.

2020's FASTEST SELLING GRAPHIC NOVEL NOW AVAILABLE IN TRADE PAPERBACK! A gorgeous original graphic novel from the bestselling creators of **KILL OR BE KILLED**, **MY HEROES HAVE ALWAYS BEEN JUNKIES**, and **CRIMINAL**.

Max Winters, a pulp writer in 1930s New York, finds himself drawn into a story not unlike the tales he churns out at five cents a word—tales of a Wild West outlaw dispensing justice with a six-gun. But will Max be able to do the same when pursued by bank robbers, Nazi spies, and enemies from his past?

One part thriller, one part meditation on a life of violence, **PULP** is unlike anything award-winning **BRUBAKER** & **PHILLIPS** have ever done before. This celebration of pulp fiction set in a world on the brink is another must-have hardcover from one of comics' most acclaimed teams.

JOHN ROMITA'S
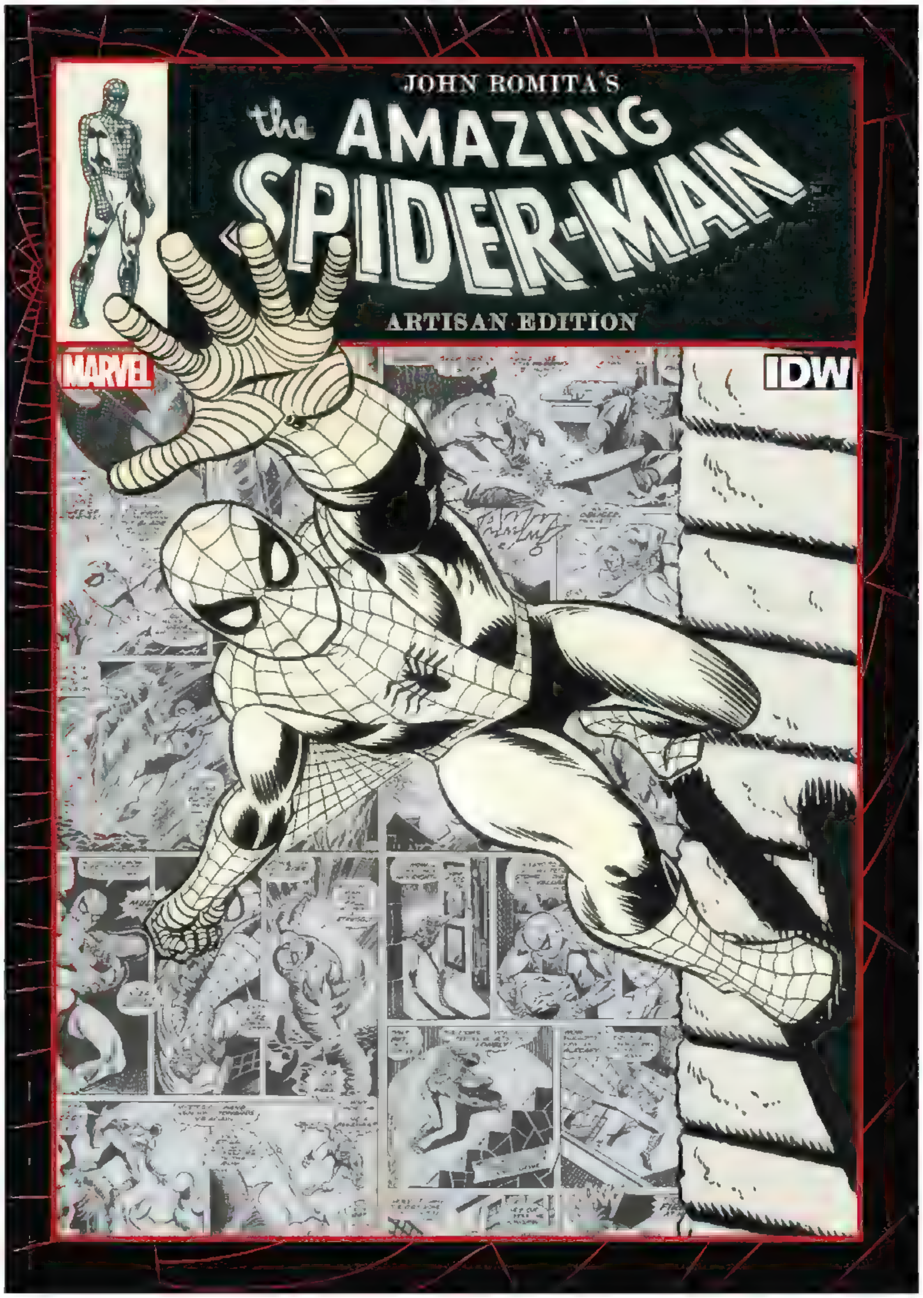
THE AMAZING SPIDER-MAN ARTISAN EDITION



WRITER Stan Lee
ARTIST/COVER John Romita

TPB | B&W | 152 Pages | 8-1/2" x 12"
$39.99 | ISBN: 978-1-68405-824-2
AVAILABLE IN MARCH

Jazzy John Romita was for many the definitive artist on the *Amazing Spider-Man*. His sleek line work brought the web-slinger to life for a generation of fans. This volume collects issues 67, 68, 69, 71, 75, and 84 in their entirety. Additionally there is a beautiful gallery section of Romita extras.

Like all of IDW's award-winning Artist Edition-style books, each page has been painstakingly scanned from the original art to ensure the finest possible reproduction, mimicking the experience of seeing Romita's hand-drawn pages—it's the next best thing to owning the art! While appearing to be in black and white, each page was scanned in color to mimic as closely as possible the experience of viewing the actual original art—for instance, corrections, blue pencils, paste-overs, all the little nuances that make original art unique.

Dracula is one of the most well-known characters in the world. Now, read the story of the man who inspired the legend in this graphic novel available again for the first time in almost 30 years.

A prince of Wallachia and son of Vlad Dracul (The Dragon), Vlad Dracul the Younger (Vlad Dracula) is taken hostage as a young man by Sultan Mehmed I to ensure his father's loyalty. When his father is killed at the hands of traitorous nobles in his own land, he assumes the crown and wages a cruel war to regain his lands and avenge his father. Throughout his life, he continued the fight to retain his kingdom, committing acts that would later lead to the formation of the famous character created by Bram Stoker. Originally published in the 1990s, it is now presented for the first time in black and white to showcase the beautiful art of Esteban Maroto.

DAN ABNETT AND JONATHAN LAU ON SONJA'S SUPERHERO TURN

Dan, last month we unveiled VAMPIRELLA: THE DARK POWERS, and now here we have the companion title starring RED SONJA. How are you crafting these two titles to play off of each other as readers follow both?

Abnett: Each is its own story. Sonja's series shows her, like Vampirella, recruited by the Project and learning to work with the organization. They both hit bumps along the way because neither one of them is a good fit for traditional superheroics. So the stories are running in parallel. However, as they play out, we will see how they meet and interconnect in interesting and explosive ways.

With both characters trying out for The Project in a classic capes and tights superheroic role, how do you see them differing in fulfilling that? How does Red Sonja fit the bill?

Abnett: It doesn't really suit either of them, but the stories explain why it's happening. It's a deliberate genre clash, played out logically and realistically (and for maximum fun). With Vampirella, we joined her when she was already on board as a member. Sonja's tale is rather different.

This series opens not too dissimilar from a traditional Red Sonja sword and sandals story. What can longtime fans of the She-Devil With a Sword expect from their favorite Hyborian heroine in this series?

Abnett: It starts very much like a classic Hyborian adventure and then shows the clash between genres as it happens. It's everything you'd want and expect from a Red Sonja tale, and then it takes a violent twist. It's immense fun, and I think fans of both sword and sorcery, and superheroes, will get a big kick out of it.

Lau: I'm very much in the same boat with the readers with regards to the story. I just want to ramp up the action in every issue I get and that's what will be different - Hyborian action from yours truly. Although this time around, I'm challenged to maintain the strict rule of going old school comics paneling and design. Notice there is no floating or overlapping images, no open or fancy panels, even Sonja's hair is back instead of my usual lion's mane look.

You're working with artist Jonathan Lau on this series, who Dynamite fans know and love. What does he bring to the table with you as a collaborator and how's it been seeing his pages roll in?

Abnett: His art's incredible - so vivid and detailed, and so dynamic. He's a great artist for this - he captures Sonja's world, and the feel of her adventures, perfectly, but he's also got plenty more in the tank to blow it open with everything else. The superhero stuff is awesome too. Ever wanted to see what a sword would do to an over-confident superhero..?

Jonathan, you've drawn nearly every major Dynamite character. You're just coming off of Red Sonja: Age of Chaos, which also dealt with a large cast and lots of action. Now you're drawing ALL the characters. Which ones are you most excited to portray in this series? And are you calling back to any of your previous work here?

Lau: I've dipped my hands into the Project Superpowers characters way back. I'm simply excited to do some capes and spandex stuff here again because it's as close as I could get to draw Supes or Bats. Personally, Black Terror would be nostalgic to draw or anyone else with a cape at the least!

I hear whispers that these two series are leading to something even bigger… Without getting too spoilery, what can Dynamite readers look forward to?

Abnett: Something big indeed. When we first discussed this idea, it seemed like it wouldn't work. Take two iconic characters, each with their own very particular style and genre, and mix them up… and then pour in a huge measure of another genre, the superhero team, the costumed hero. The fun was making it work, and I think it really does. These three ingredients, which shouldn't fit together on the same page, fit together perfectly when you set up the right context. Sonja and Vampi are both, reluctantly, joining a pan-galactic, hyper-advanced superhero organization that protects entire worlds… you KNOW that's not going to go smoothly. To me the trick was not to make anybody look stupid: not Vampirella, not Red Sonja, but not the Project superheroes either. They're not the patsies here, they're not the idiots caught in the crossfire. You know, now that these projects are both announced, that Sonja and Vampi are going to meet. That's going to be big. But without getting spoilery, that's just the start. Stay tuned… there's something epic coming that you will NOT want to miss!

A new non-fiction graphic novel series for fans of *March* and *A Quick and Easy Guide to They/Them Pronouns* that explores the stories of the real groundbreakers and Marginalized Trailblazers who changed our world for the better.

It's about being seen. Both for who you are, and who you hope you can become. History is a mirror, and all too often, the history we're told in school reflects only a small subset of the population.

Meet Rachel Carson, the woman who changed the way America fought against the environmental crisis through her bestselling books, ultimately spurring the creation of the U.S. Environmental Protection Agency.

Birdie Willis & **Rii Abrego** present the true story of the marine biologist whose dedication, compassion and integrity gave a new generation of Americans hope for a brighter tomorrow.

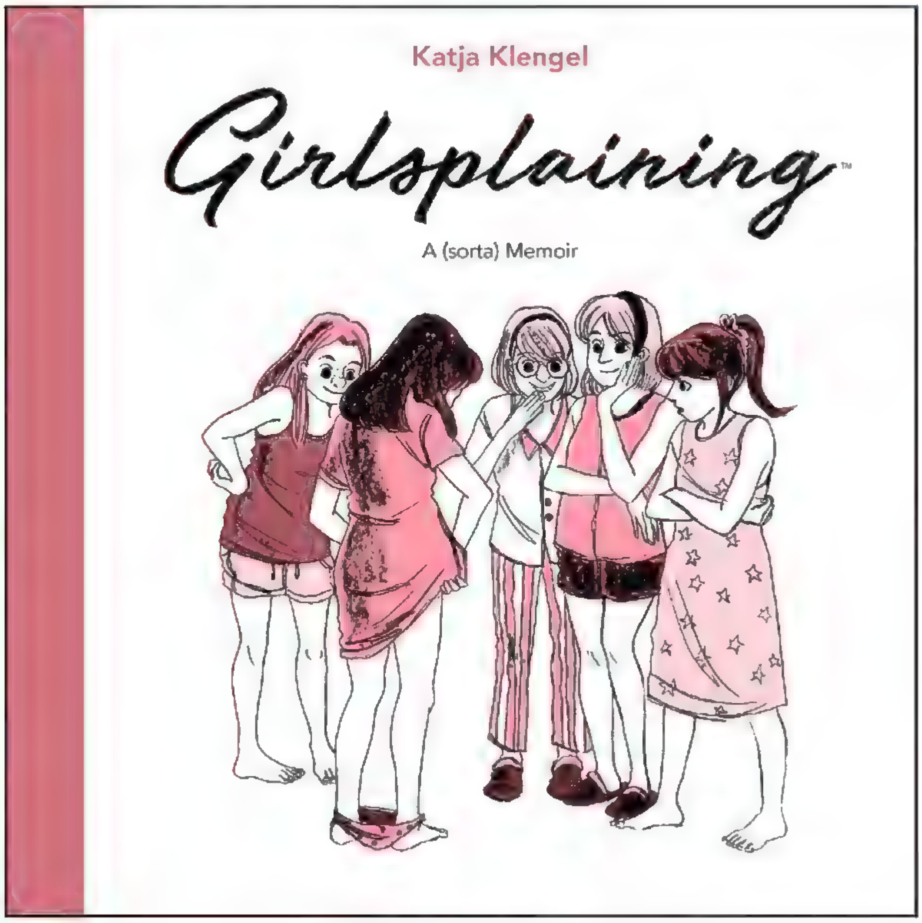
For fans of ***Kid Gloves*** and ***Waves***!



For fans of *Kid Gloves* and *Waves* comes a new original graphic novel by cartoonist **Katja Klengel** tackling the subjects that have shaped her life: from body shaming to the exploration of her sexuality, from the representation of women in the media to the social pressure on women who have not yet started a family.

Why do we fear the word "vulva"?

Do we really have to be ashamed of our body hair?

Why do gender roles in children's toys seem to be stuck in the '50s?

With a sense of humor, an open heart, and unsparing candor, Klengel draws inspiration from her own life as she examines what being a woman today means to her (and really, a whole lot of us!).

Please Note: This is for Mature Readers.

To stop the teasing, I needed a lot of time with epilators, razors, and wax
ALMOST DONE IN THE BATHROOM?
DONE? I'VE JUST STARTED! THIS IS HARD WORK!
FIRST COMES THE FACE, THEN THE ARMPITS, THEN THIGHS AND CALVES
THEN THE BIKINI AREA AND, AT THE VERY END, THE BUTT.
OH I BORROWED YOUR RAZOR FOR THIS BY THE WAY
WOMEN'S RAZORS ARE ALWAYS SO DULL.
And then I needed more time for crying for whenever I cut myself or had ingrown hairs that turned into little pimples. Or I just sobbed because the stubble had grown back in again on the same day. I was tired of shaving myself every single day. And so I began to hide my body.
MAMA THAT LADY'S SCARING ME
I KNOW SWEETIE!
AND THAT'S WHY YOU HAVE TO SHAVE EVERY DAY
Sometimes I imagined what would happen if I were in a car accident. The worst part wouldn't be my death. Much more terrifying was the thought that I'd be found at the accident site with unshaved legs.
SHE COULD HAVE AT LEAST SHAVED HER LEGS
THIS MAKES MY JOB VERY UNPLEASANT
BOSS I SAW A HOT DOG STAND BACK THERE.
LET'S CALL IT A DAY.
AHHH!
WHAT DO YOU WANT FROM ME?!
I'M THE GHOST OF THE RUSTY RAZOR BLADES!
DO YOU SEE MY CHAINS?
THESE ARE THE CHAINS OF THE PATRIARCHY WHICH I COULDN'T BREAK DURING MY LIFETIME
NOW I'M ETERNALLY DAMNED TO CUT MYSELF ON RUSTY RAZOR BLADES

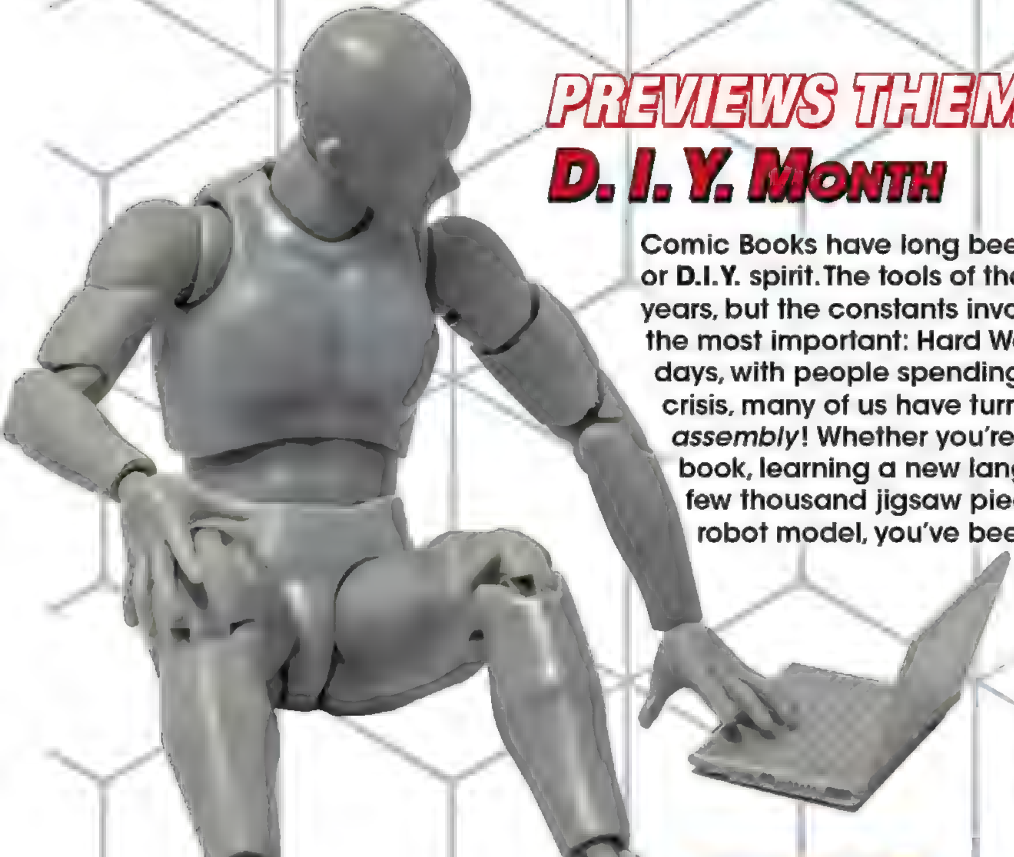
D. I. Y. MONTH



Comic Books have long been a prime example of the "Do-It-Yourself" or **D.I.Y.** spirit. The tools of the trade may have changed over the years, but the constants involved in the creation of comics are still the most important: Hard Work, Determination, and Talent. And these days, with people spending more time indoors during the COVID-19 crisis, many of us have turned to different pursuits that call for some *assembly*! Whether you're writing or drawing the next hit comic book, learning a new language, puzzling your way through a few thousand jigsaw pieces, or building an awesome Japanese robot model, you've been doing what you can to make 2020 (the year that sucks more than any other in history) better by making stuff yourselves! And as we prepare to launch headlong into the next year, we present this curated list of publications and products that can help you Do It Yourself and make your 2020/2021 life a bit more bearable!

"Combining Archie-style teenage shenanigans and rivalries with a *Walking Dead* narrative arc is a stroke of genius, and the creative team give it their all, with lively animation-inspired visuals and densely designed backdrops. This rowdy volume delivers ample fun at the end of the world." —PUBLISHERS WEEKLY

"Von Kummant's illustration is stunning and matches the lively tone of von Eckartsberg's script, which puts a new spin on dystopian survival tales in the *Walking Dead* vein by focusing the narrative around a teenage cast. A refreshingly original, promising start to the series." —LIBRARY JOURNAL (STARRED REVIEW)

The return of Gung-Ho! "Sexy Beast" picks up a few weeks after the events in "Short Circuit", where at Fort Apache, the situation is more tense than ever, as the threat posed by the rippers adds to an increasingly difficult life for the colony. Kingsten briefs the fort council on the situation following the stolen goods from the train. The colony is running out of supplies, heavy weapons and ammunition, and so it is decided to ration even more. She orders a team to be set up to find the stolen delivery in the danger zone. She also asks Bagster to put pressure on the government again for help. She believes a white wave is coming, a big attack from the rippers…

A science fiction horror series about social media, big tech, and influencer culture.

It's *The Social Network* meets *Hellraiser*. When the world's biggest influencer posts something irredeemably horrific online, the world changes in an instant. Now it's up to his social media manager, Anne Stewart, to fan the flames of outrage and create a sensationalist campaign that rewrites the rules of "banned content." Thus begins a carnival of lust, revulsion, desire, and disgust – all for viral videos.

Written by Zac Thompson (LONELY RECEIVER, UNDONE BY BLOOD, *X-Men*) and illustrated by Andy MacDonald (*Multiple Man, Rogue Planet*), I BREATHED A BODY is a horror series about the voyeurism of violence and the Big Tech companies who engineer patterns of fear in society.

From multiple Ringo Award-nominated writer David Pepose (*Spencer & Locke, Going to the Chapel, The O.Z.*) and artist Luca Casalanguida (*James Bond, Lost Soldiers*) comes a post-apocalyptic coming-of-age tale that proves when all you know is a lie, a Scout's Honor is the only way to move forward.

A horrific breakup story in five parts.

You have mated with it and found salvation. You watch as a life plays out that seems like it belongs to someone else. But you're sure it belongs to you.

Now you / **see what you used to be** / itself

You love and change when moving wildly toward darkness.

Enter the Leviathan / as it too / enters you

Now see / **you spend a life finding** / yourself.

The Future. Ultra-modern megacities reward millions of their citizens with a completely funded life, with every need met, from food to housing and healthcare, in order to compete in an economic power struggle in which population is key.

But a few rural residents still cling to their independence in what last American small towns are left. When a nearby megacity pressures the people of a small town to join up or else, a young teenage girl named Clem will learn how far she'll go to defend her principles.

Written by Zack Kaplan (LOST CITY EXPLORERS) with art from Piotr Kowalski (*Port of Earth, Eclipse, Sex, Marvel Knights: Hulk, The Dark Tower*), JOIN THE FUTURE is a sci-fi western that examines a future where everyone must ask what your values are truly worth. This volume contains the entire series, issues #1-5.

What happens when a time-traveling assassin and a spy from 1944 try to kill each other? For a price, a top-secret assassination organization will travel through time and interfere with watershed moments. Trained as the agency's top assassin, Maya is sent to kill Virginia Hall, the deadliest spy of WWII. Charged with carrying important plans about the invasion of Normandy to the allied troops, Virginia's death would have a cataclysmic effect on WWII as we know it.

Written by Stephanie Phillips (*Butcher of Paris*, DESCENDENT), with art by Meghan Hetrick and Francesca Fantini, colors by Lauren Affe, and letters by Troy Peteri, ARTEMIS & THE ASSASSIN is a pulpy adventure story about the high cost of changing history. This volume contains the entire series, issues #1-5.

REFERENCE BOOK

MATCHBOX TOYS SC

(W) Nick Jones

Lesney Products was formed in 1947 to make zinc castings, mainly for the building industry; toys were a sideline when business happened to be slow. To cash in on the 1953 Coronation of Princess Elizabeth, they modeled a miniature of the Coronation Coach. When this sold a million pieces it spurred on and financed a new venture that would become a household name: Matchbox Miniatures. Then in 1969 came great change. Mattel had released their range called Hot Wheels, with high-speed wheels and axles, and in order to compete Matchbox retooled everything. Now highly collectable, the Matchbox 1-75 range is a British institution that has now found its perfect introduction in this book. (STL170091) (C: 0-1-1)

Savage prehistoric thrills and swashbuckling action like you've never seen await as two of the greatest creations in literary history collide! Trapped within the lost island continent of Caprona, explorer Fausto Caproni, his sister Marina, and the masked bandit El Zorro desperately search for one another after being separated in a land dominated by creatures from the dawn of time. As they each battle for their lives against rampaging dinosaurs and spear-wielding primitive humans, the trio will also have to contend with the Spanish soldiers who stalk them, intent on murdering all three to claim Caprona for the Spanish Empire. This spectacular cross-over event seamlessly meshes Edgar Rice Burroughs' and Johnston McCulley's classic creations into a blockbuster tale filled with danger, dinosaurs, and drama in a once-in-a-lifetime, sci-fi/action event! Zorro in The Land That Time Forgot is available with two covers – Main and Pulp Inspired 350 copy limited edition by Vincenzo Carratu.

Upshot's hit series *Year Zero* returns with four new harrowing tales of survival from around a post apocalyptic world, set several months after the events in Volume One: A grizzled Norwegian sea captain and her two young grandchildren navigate an ocean teeming with undead while eluding the relentless pirates on their trail. A Colombian cartel boss indulges all of his most sadistic whims unaware that a threat far greater than zombies is headed toward his jungle fortress. A Rwandan doctor must overcome the crippling fear that has plagued him all his life as he stumbles through the African bush. And a pregnant woman barricaded in an American big box store discovers that the greatest threat to her life—and her unborn child's—might not be undead. Benjamin Percy (*Wolverine*, *X-Force*) once again pens this global look at the zombie apocalypse, now joined by artist Juan Jose Ryp (*Britannia*) and colorist Frank Martin (*Infinity Wars*).

THE MARVEL WAY
BY STAN LEE
AND JOHN BUSCEMA

HOW TO DRAW COMICS THE MARVEL WAY SC

(W) Stan Lee (A/CA) John Buscema

One of the first and still one of the best, Stan Lee's *How to Draw Comics the Marvel Way* has been the primary resource for any and all who want to master the art of illustrating comic books and graphic novels. Using artwork from Marvel comics as primary examples, John Buscema graphically illustrates the hitherto mysterious methods of comic art. Stan Lee's pithy prose gives able assistance and advice to the apprentice artist. Bursting with Buscema's magnificent illustrations and Lee's laudable word-magic, *How to Draw Comics the Marvel Way* belongs in the library of everyone who has ever wanted to illustrate his or her own comic strip. [$12.99 | Paperback | 104 pgs | Full Color | Original Graphic Novel | MATURE]

"Emotional, chaotic, propulsive, LOUD is a beauty; a book not to be read, but to be felt." - BRIAN AZZARELLO

The LOUD nightclub. A latecomer stripper, a pissed waitress, a hitmen couple, a suspension bondage performer, a pregnant teenager, a clan of vampires, a pedophile, a lesbian junkie, a divorcing middle-aged woman, a sadistic dominatrix, and many other souls in search of love, drugs, and blood converge at the hottest club in town on a night that none will ever forget. If they survive.

LOUD is like THE HUNGER if directed by Tarantino -- a stylish, tripped-out bloodbath of beautiful and vicious decadence.
You'll feel the beat throbbing in your skull, smell the sweat, taste the blood, and lose yourself in the wicked underworld masterfully wrought by ***MARIA LLOVET (Faithless, There's Nothing There).***

THE SANDMAN BOOK 1 AUDIO BOOK CD

(W) Neil Gaiman, Dirk Maggs

Hailed by the *Los Angeles Times Magazine* as "the greatest epic in the history of comic books," *The Sandman* changed the game with its dark, literary world of fantasy and horror-creating a global, cultural phenomenon in the process. THE GREAT GATSBY: A GRAPHIC NOVEL ADAPTATION

(W) F Scott Fitzgerald, K Woodman-Maynard
(A) K Woodman-Maynard

From the green light across the bay to the billboard with spectacled eyes, F. Scott Fitzgerald's 1925 American masterpiece *The Great Gatsby* roars to life in K. Woodman-Maynard's exquisite graphic novel. Painted in lush watercolors, the inventive interpretation emphasizes both the extravagance and mystery of the characters, as well as the fluidity of Nick Carraway's unreliable narration. Excerpts from the original text wend through the illustrations, and imagery and metaphors are taken to literal, and often whimsical. With its timeless critique of class, power, and obsession, *The Great Gatsby* captures the energy of an era and the enduring resonance of one of the world's most beloved books. STAR WARS: THE HIGH REPUBLIC — TEST OF COURAGE HC

(W) Justina Ireland
(A) Petur Antonsson

Long before the Clone Wars, the Empire, or the First Order, the Jedi lit the way for the galaxy in a golden age known as the High Republic! Vernestra Rwoh has just become a Jedi Knight at age fifteen, but her first real assignment feels an awful lot like babysitting. She's been charged with supervising eleven-year old aspiring inventor Avon Starros on a cruiser headed to the dedication of a wondrous new space station called Starlight Beacon. But soon bombs go off aboard the cruiser. While the adult Jedi try to save the ship, Vernestra, Avon, Avon's droid J-6, and an ambassador's son make it to an escape shuttle, but communications are out and supplies are low. SPOTLIGHT ON

HEAVEN NO HELL HC

(W/A/CA) Michael Deforge

Heaven No Hell collects DeForge's best work yet. While his style and approach have evolved, he has never wavered from taut character studies and incisive social commentary with a focus on humor. He has deeply probed subjects like identity, gentrification, fame, and sexual desire. His ability to dig into a subject and break it down with beautiful drawings and sharp writing makes him one of the finest short story writers of the past decade, in comics or beyond. ANT COLONY HC

(W/A/CA) Michael DeForge

In the few short years since he began his pamphlet-sized comic book series *Lose*, Michael DeForge has announced himself as an important new voice in alternative comics. *Ant Colony* follows the denizens of a black ant colony under attack from the nearby red ants. On the surface, it's the story of this war, the destruction of a civilization, and the ants' all-too-familiar desire to rebuild. Underneath, though, *Ant Colony* plumbs the deepest human concerns — loneliness, faith, love, apathy, and more. All of this is done with humor and sensitivity, exposing a world where spiders can wreak unimaginable amounts of havoc with a single gnash of their jaws. (STK627922)

BIG KIDS HC

(W/A/CA) Michael Deforge

Big Kids follows a troubled teenage boy through the transformative years of high school, as he redefines his friends, his interests, and his life path. When the boy's uncle, a police officer, gets kicked out of the family's basement apartment and transferred to the countryside, April moves in. She's a college student: mysterious and cool, she quickly takes a shine to the boy. Eerie and perfectly paced, Michael DeForge's *Big Kids* muses on the complicated, and often contradictory, feelings people struggle with in adolescence, the choices we make to fit in, and the ways we survive times of change. FAMILIAR FACE

FAMILIAR FACE HC

(W/A/CA) Michael Deforge

The bodies of citizens and the infrastructure surrounding them is constantly updating. People wake up in apartments of completely different sizes and shapes and commuter routes radically differ day to day. There is no way to resist-the updates are enacted by a nameless, faceless force. The signatures of DeForge's work-a vibrant color palette, surreal designs, and self-aware sense of humor — enliven an often-bleak technocratic future. Familiar Face is a masterful and deeply funny exploration of how we define our sense of self, and how we cope when so much of life is out of our control. (STL144780)

STICKS ANGELICA, FOLK HERO HC

(W/A/CA) Michael DeForge

Sticks Angelica is, in her own words, "49 years old. Former: Olympian, poet, scholar, sculptor, minister, activist, Governor General, entrepreneur, line cook, headmistress, Mountie, columnist, libertarian, cellist." After a high-profile family scandal, Sticks escapes to the woods to live in what would be relative isolation were it not for the many animals that surround and inevitably annoy her. When a reporter named, ahem, Michael DeForge shows up to interview Sticks for his biography on her, she quickly slugs him and buries him up to his neck, immobilizing him. Instead, Sticks narrates her way through the forest, recalling formative incidents from her storied past in what becomes a strange sort of autobiography. (STL035887)

OH MY GODS!
By Stephanie Cooke AND Insha Fitzpatrick
Art By Juliana Moon

Karen is just an average thirteen-year-old from New Jersey who loves to play video games with her friends and watch movies with her mom. But when she moves to Greece to live with her eccentric, mysterious father, Zed, suddenly everything she thought about herself — about life — is up in the air. Starting a new school can be difficult, but starting school at Mt. Olympus Junior High, where students are gods and goddesses, just might take the cake. Especially when fellow classmates start getting turned to stone. Greek mythology... a little less myth, a little more *eek!* And if Karen's classmates are immortal beings, who does that make her? MONSTERS

By Barry Windsor-Smith

$39.99 / HC / 380 pgs / BW / 8" × 11"

Created over a period of 35 years, Barry Windsor-Smith' *Monsters* is a tour de force of visual storytelling. Part family drama, part espionage thriller, part metaphysical journey, it is an intimate portrait of individuals struggling to reclaim their lives and an epic political odyssey across two generations of American history. *Monsters* is rendered in Windsor-Smith's impeccable technique, the visual storytelling being the most sophisticated of the artist's career. There are passages of heartbreaking tenderness, of excruciating pain, and devastating violence. It is surely one of the most intense graphic novels ever drawn.

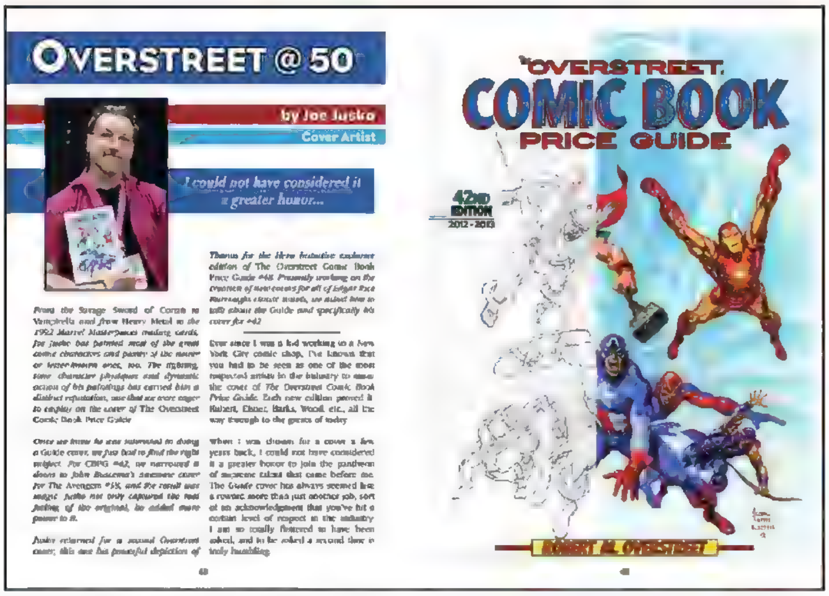
The Semi-Secret Origins of the Overstreet Comic Book Price Guide

By J.C. Vaughn



OVERSTREET @ 50

by Joe Jusko

Cover Artist

I could not have considered it a greater honor...

Our new book, *Overstreet @ 50: Five Decades Of The Overstreet Comic Book Price Guide*, should hit comic shops on Wednesday, November 4, not long after this issue of *PREVIEWS* goes on sale. Unlike most of our books, our team at Gemstone didn't show me much of this one until it was about to go to press, so a lot of it came as a wonderful surprise.

From former DC President and Publisher Paul Levitz and former *CBG* editor Maggie Thompson to pioneering retailers Buddy Saunders and David T. Alexander, and so many more, the book is packed with fantastic, encouraging stories about the *Guide*. Even after working on it for 50 years, I couldn't believe some of the comments, and I am really humbled more than you will ever know.

Aside from the extensive interview I did for the book, one of the big sections I did actually know about ahead of time was the "best of" articles section. Since our first edition, feature articles and interviews have been a vital part of *The Overstreet Comic Book Price Guide*. In our pages, contradictions have been resolved, mysteries have been unraveled, new, unsolved mysteries have been given the spotlight, creators have been honored, and previously unsung heroes have at last gotten their moment.

So of course, the staff gave me the nearly impossible task of picking my top five favorites as part of this Golden Anniversary celebration. Any such undertaking is inherently arbitrary, but it's also a bit of fun.

I hope you'll check out *Overstreet @ 50* and see which articles I selected, and I hope you'll check out the rest of the book, too. It's a fantastic commemoration of the last 50 years and a reminder that we're just getting started!

MEMOIR | BIOGRAPHY

The seldom-told true story of France's most famous Nazi hunters and heroes of the Resistance: The Klarsfelds.

For nearly fifty years, Beate and Serge Klarsfeld have been hunting Nazis across the globe, but their story isn't just about justice. It's about love and family. Beate, a German journalist and activist born in Berlin as World War Two began, and Serge, a Romanian-born French-Jewish lawyer whose father was deported and killed by the Nazis, met by chance but forged a common destiny filled with danger.

One by one, the Klarsfelds searched for German Nazis and French Vichy officials responsible for the worst abuses of the Holocaust, including the infamous Klaus Barbie. Together, they worked methodically to have such men tried and convicted for their crimes against humanity despite numerous threats and attacks on their lives. Their mission was noble; their courage, inspirational.

This book was written in partnership with Serge and Beate Klarsfeld.

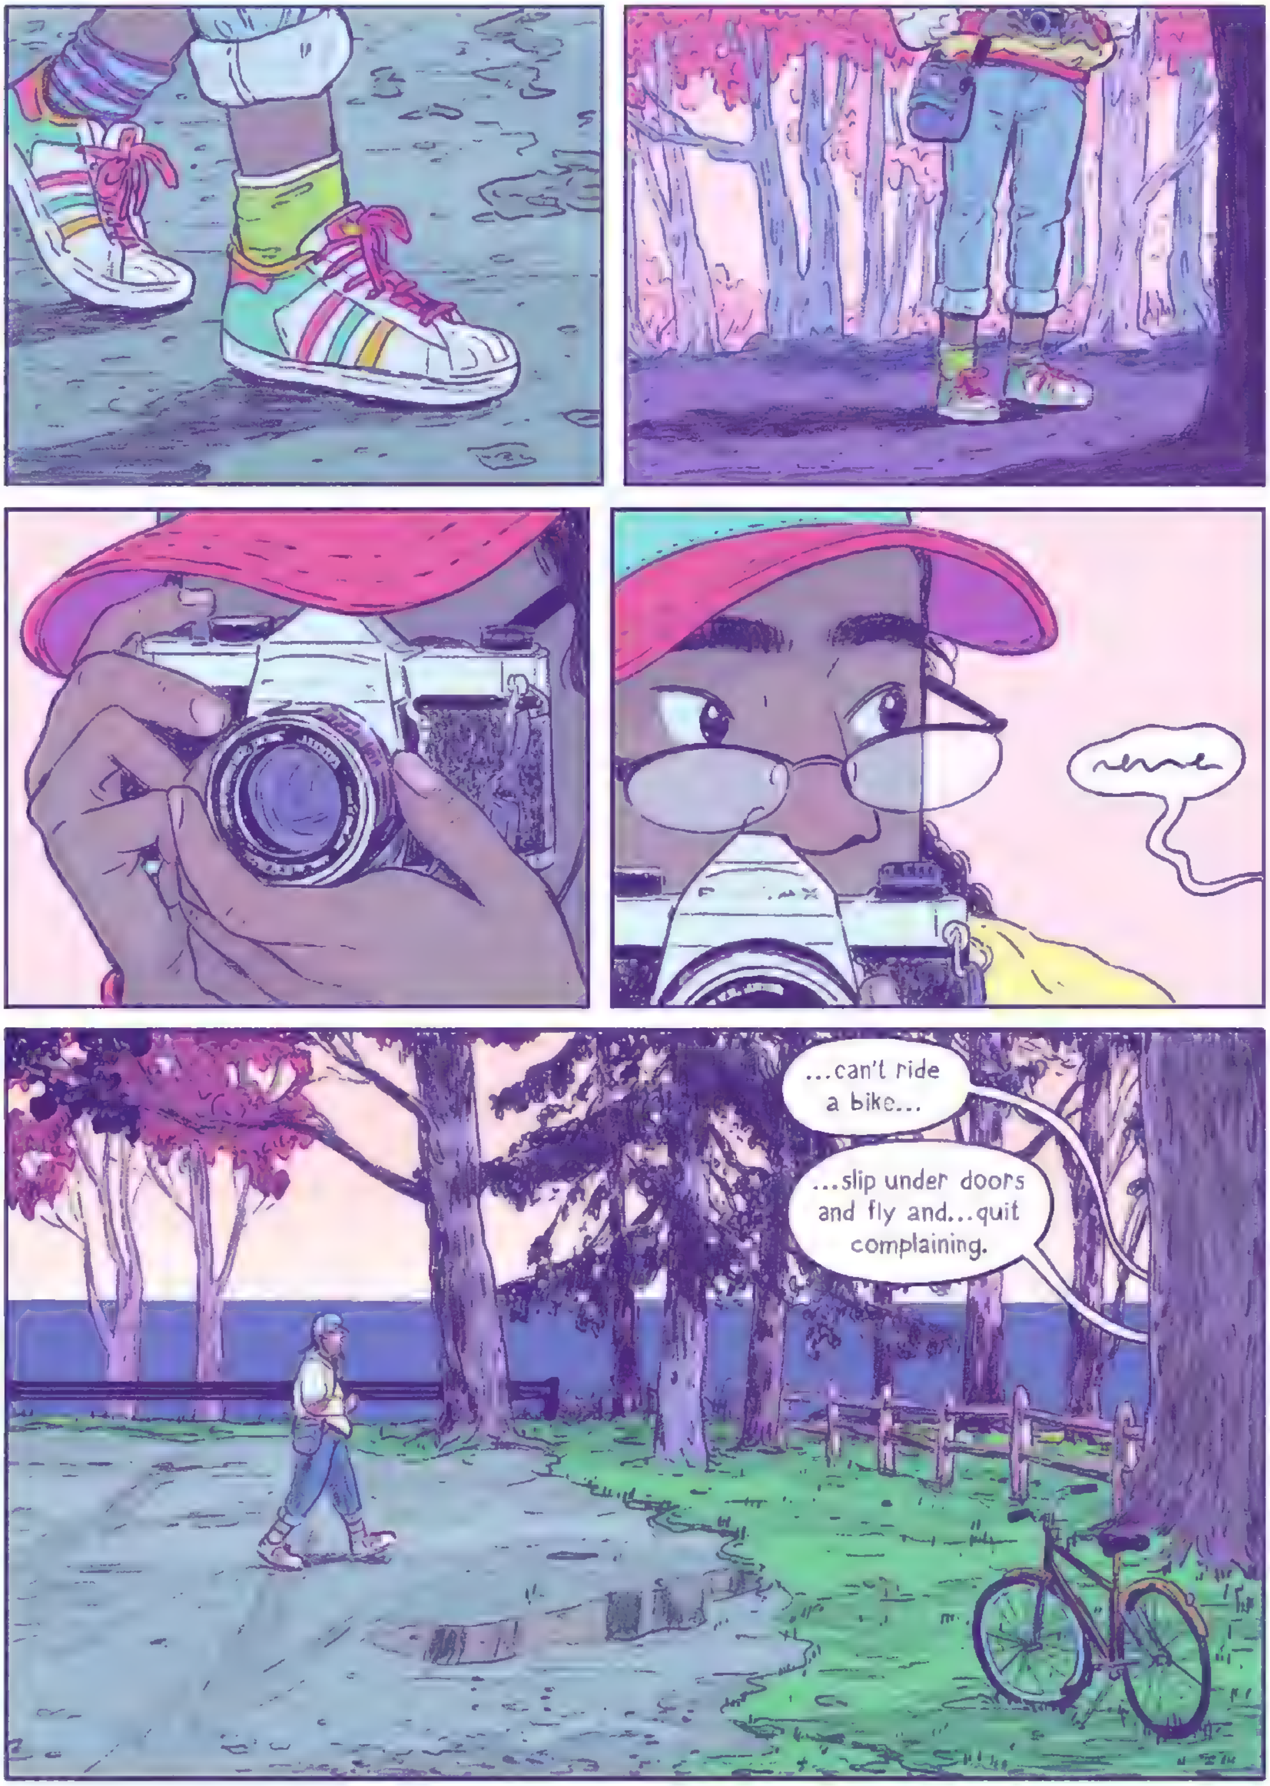
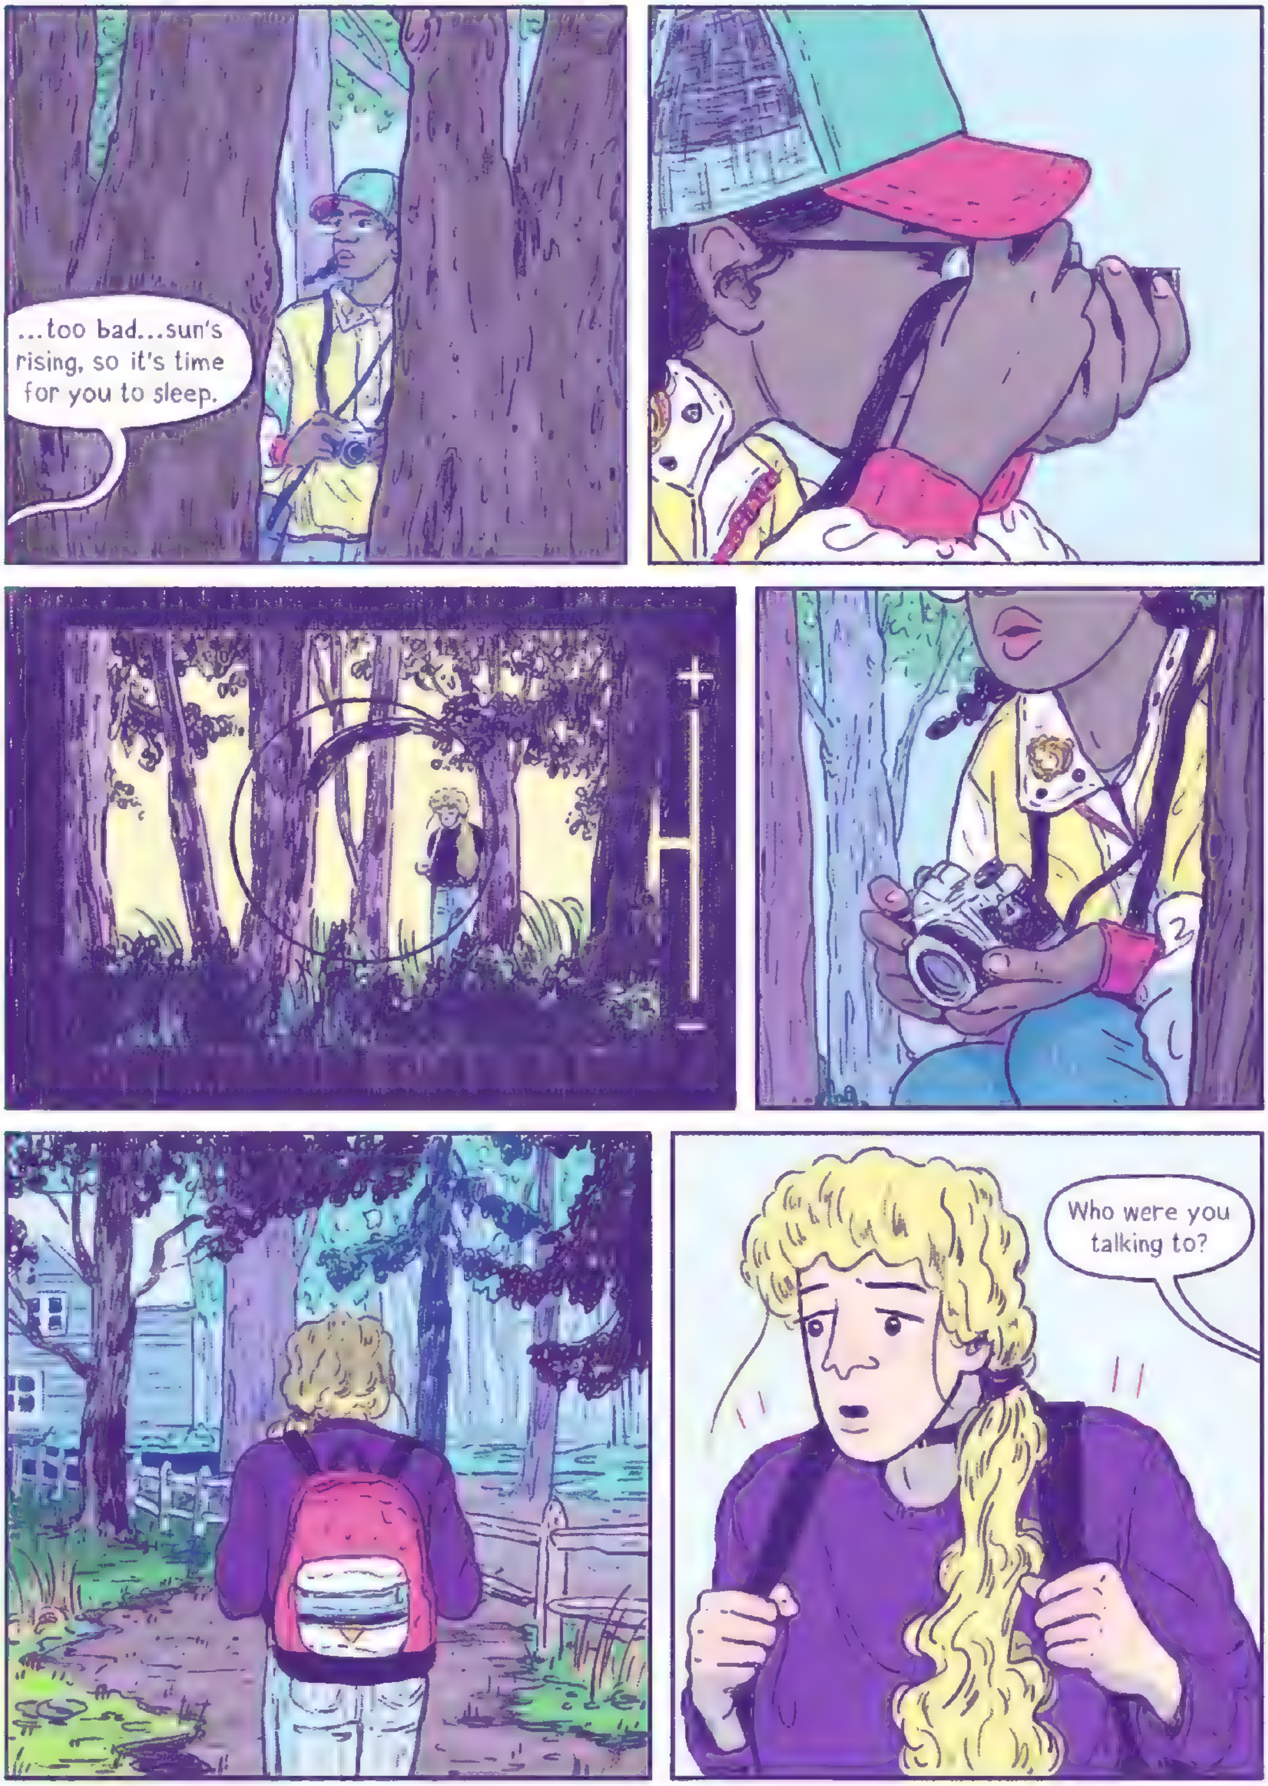
BRENNA THUMMLER

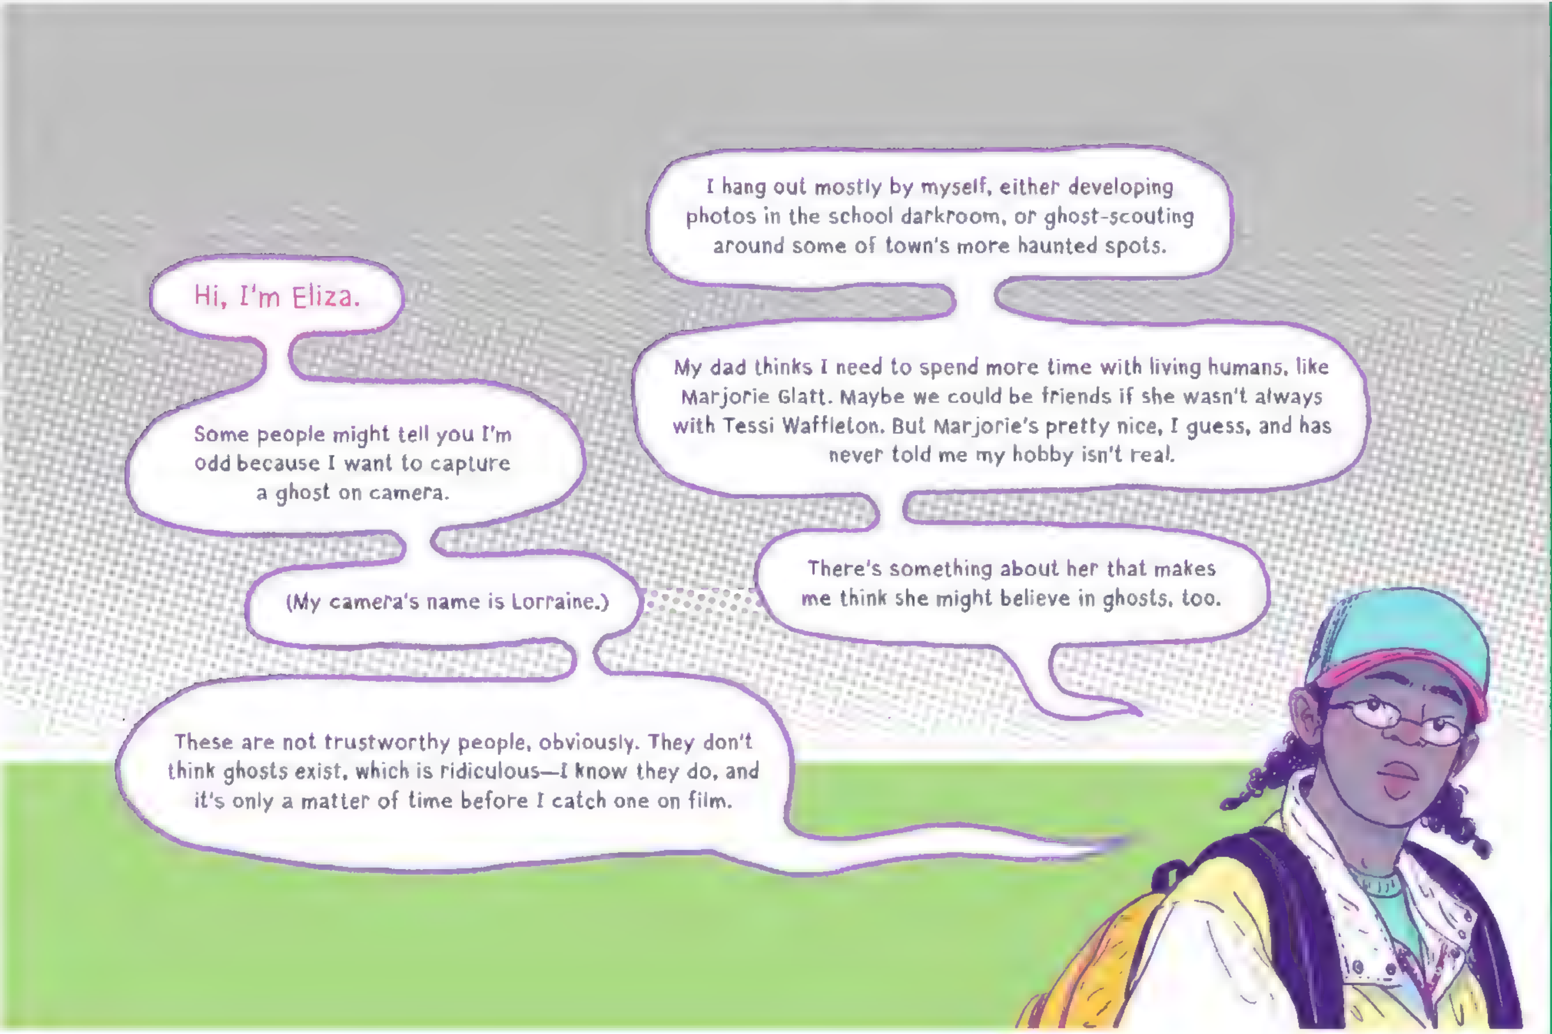
Marjorie Glatt's life hasn't been the same ever since she discovered ghosts hiding in her family's laundromat. Wendell, who died young and now must wander the earth as a ghost, soon became one of Marjorie's only friends. But when Marjorie finally starts to fit in at school, she worries that if anyone learns about her secret ghost friends, she'll be labeled as a "freak who sees dead people." Wendell isn't the only one pushed to the outside, though. Eliza Duncan, Marjorie's classmate at school, is constantly seen as different by Marjorie's new friends, and starts to feel like a ghost herself. Is it worth it to Marjorie to fit in if it means she excludes both Wendell and Eliza? Following the events *Sheets*, *Delicates* tells a powerful story about what it means to fit in, and those who are left on the outside.



...can't ride a bike...
...slip under doors and fly and...quit complaining.



...too bad...sun's rising, so it's time for you to sleep.
Who were you talking to?



Hi, I'm Eliza.
Some people might tell you I'm odd because I want to capture a ghost on camera.
(My camera's name is Lorraine.)
These are not trustworthy people, obviously. They don't think ghosts exist, which is ridiculous—I know they do, and it's only a matter of time before I catch one on film.
I hang out mostly by myself, either developing photos in the school darkroom, or ghost-scouting around some of town's more haunted spots.
My dad thinks I need to spend more time with living humans, like Marjorie Glatt. Maybe we could be friends if she wasn't always with Tessi Waffleton. But Marjorie's pretty nice, I guess, and has never told me my hobby isn't real.
There's something about her that makes me think she might believe in ghosts, too.

Q&A WITH BRENNA THUMMLER

***Delicates* takes place in the same world as *Sheets*. What familiar aspects can readers expect to see when we catch up with Marjorie and Wendell?**

Readers will continue to enjoy the quirky friendship between girl and ghost, the traces of autumn, and the banter of beloved gym teacher Mr. Duncan. But plenty of familiar problems will arise, too, as both Marjorie and Wendell struggle to fit in. And of course, they can expect more complications in the laundromat—they're unavoidable when one's sheets are haunted.

Marjorie and Wendell are joined by a new classmate named Eliza Duncan. What makes Eliza unique?

Eliza is fascinated by all things paranormal and is quite knowledgeable about the subject. She also happens to be a very skilled photographer. But I think what makes Eliza most unique is how deeply she understands her goals and her passion, which provides great contrast to Marjorie.

***Delicates* has some of the same supernatural playfulness of *Sheets*, but it also tackles heavier topics such as bullying, fitting in, and feeling invisible. How did you balance these elements? What do you hope readers take away from the story?**

I believe the fantastical ghost world acts as an emotional buffer against the difficult subject matter. The ghosts are approachable and endearing, and provide insight to life's fragility in a comforting way. Many characters are struggling in this sequel, but even those who are struggling still find plenty of laughter and enjoyment. This balance is important—things that appear bright can have a great deal of darkness, too. I hope readers can walk away with greater empathy and become more aware of how their actions may be hurting others without even realizing.

Without giving away any spoilers, are there any things you're most excited for readers to discover in *Delicates*?

I'm most excited for the element of photography that recurs throughout the book! Readers will also get to step inside the Duncan household, and I can't wait for them to meet Eliza. She is insanely cool.

Amparo's deal with the talking cat was simple: a drop of blood in order to become a better person. But when the cat steals their name and their body, becoming the "better person" they were promised, Amparo's spirit is imprisoned in a land of terrifying creatures known as Bright World. To return to the other side and see their true love again, Amparo must use every bit of cleverness to escape.

THE HAZARDS OF LOVE

BOOK 1: BRIGHT WORLD AUTHOR LETTER

STAN STANLEY

Dear Reader,

Like a weed in a parking lot, *The Hazards of Love* grew out of spite. The story comes from anger at the politicized existence of Black and brown and queer kids who are just trying to live their lives. It comes from the frustration that urban fantasy stories were never about people like me or the people I loved. It comes from the powerless despair at the US political systems that treat Black and brown teens as if they were already lost causes, doomed to a life of crime.

So here is the story of Amparo, one of those brown queer teens, who gets sucked into a hostile fantasy dimension and finds themselves already familiar with life in a world where they're a second-class citizen and under constant danger; the monsters in Bright World are just a bit more up-front about it.

Despite that, it's not a tragedy. It has elements of horror and adventure, but ultimately, *The Hazards of Love* reinterprets the familiar down-the-rabbit-hole trope to empower a queer Latinx voice. The entire cast is queer and Latinx in some way, a purposeful choice to reflect the diversity and intersection of these communities and to showcase the close ties and friendships that form—sometimes unexpectedly.

This story is also a love letter to the culture I grew up in: Bright World is a tropical forested world that has more in common with Central Mexico than Northern Europe. It pays homage to Mexican gothic horror films, character tropes from telenovelas, and the Latin-American surrealist art of the 20th century. Originally a black-and-white webcomic, the book's new colors bring the horror of Bright World into lush, brilliant life, making it clear how much the book owes to the Mexico I grew up in.

For a comic born from darkness and spite, *The Hazards of Love* is very much full of affection and joy, both for the country I grew up in and for the community in New York who gave me a home. Its characters have the agency to help each other and the choice to care for one another, which infuses the story with the hope to topple oppressive power structures through community unity.

HOT PANTS AND SPANDEX SUITS: GENDER REPRESENTATION IN AMERICAN COMICS SC

(W) Esther De Dauw
Hot Pants and Spandex Suits offers a far-reaching look at how masculinity and femininity have been represented in American superhero comics, from the Golden and Silver Ages to the Modern Age. Scholar Esther De Dauw contrasts the bulletproof and musclebound phallic bodies of classic male heroes like Superman, Captain America, and Iron Man with the figures of female counterparts like Wonder Woman and Supergirl, who are drawn as superhumanly flexible and plastic. It also examines the genre's ambivalent treatment of LGBTQ representation and explores the intersection between gender and race. (STL172319) (C: 0-1-0)

It examines how they have revitalized older characters like Black Panther and Luke Cage, while creating new ones like Latina superhero Miss America. Furthermore, it considers the mixed fan responses to Marvel's recasting of certain "legacy heroes," including a Pakistani-American Ms. Marvel, a Korean-American Hulk, and a whole rainbow of multiverse Spider-Men. A Companion to
JACK KIRBY'S FOURTH WORLD
by John Morrow

OLD GODS & NEW: THE JACK KIRBY COLLECTOR #80 TP

For its 80th issue, the *Jack Kirby Collector* magazine presents a double-sized 50th anniversary examination of Kirby's magnum opus! Spanning the pages of four different comics starting in 1970 (*New Gods, Forever People, Mister Miracle*, and *Jimmy Olsen*), the sprawling "Epic for our times" was cut short midstream, leaving fans wondering how Jack would've resolved the confrontation between evil Darkseid of Apokolips and his son Orion of New Genesis. This companion to that "Fourth World" series looks back at Jack Kirby's own words, as well as those of assistants Mark Evanier and Steve Sherman, inker Mike Royer, and publisher Carmine Infantino, to determine how it came about, where it was going, and how Kirby would've ended it before it was prematurely cancelled by DC Comics! It also examines Kirby's use of gods in *Thor* and other strips prior to the Fourth World, how they influenced his DC epic, and affected later series like *The Eternals* and *Captain Victory*. MYSTERIOUS TRAVELERS: STEVE DITKO AND THE SEARCH FOR A NEW LIBERAL IDENTITY SC

(W) Zack Kruse (A) Steve Ditko

Steve Ditko is one of the most important contributors to American comic books. As the co-creator of Spider-Man and sole creator of Doctor Strange, Ditko made an indelible mark on American popular culture. Always inward facing, Ditko's narratives employed superhero and supernatural fantasy in the service of self-examination, and with characters like the Question, Mr. A, and Static, Ditko turned ordinary superhero comics into philosophic treatises. In this book, Zack Kruse argues that Ditko's philosophy draws on a complicated network of ideas that is best understood as mystic liberalism, and his comics provide a unique window into how such an ideology operates in popular media. Covering a wide-range of mediums (pen and ink, paint, chalk, digital art, woodwork, and more), *Perspective in Action* gives readers a more hands-on approach to perspective, as opposed to the usual theoretical presentations found in other books. NEIL GAIMAN: NEVERWHERE SC

(W) Neil Gaiman

Neil Gaiman's darkly hypnotic first novel, *Neverwhere*, heralded the arrival of a major talent and became a touchstone of urban fantasy. It is the story of Richard Mayhew, a young London businessman with a good heart and an ordinary life that is changed forever when he discovers a girl bleeding on the sidewalk. He stops to help her, an act of kindness that plunges him into a world he never dreamed existed. Slipping through the cracks of reality, Richard lands in Neverwhere—a London of shadows and darkness, monsters and saints, murderers and angels that exists entirely in a subterranean labyrinth. Neverwhere is home to Door, the mysterious girl Richard helped in the London Above. If Richard is ever to return to his former life and home, he must join Lady Door's quest to save her world—and may well die trying. (STL170086) (C: 0-1-0)

Legend has it that long ago, a coven of witches and warlocks sought to perform a ritual that would grant them immeasurable power and eternal life for a cost. But this cost was not fully understood, and those who performed it were forever held between the veil of our world and eternity, cursed to watch the living and trapped with an insatiable hunger. They became known as the Darkwatchers!

Along the Santa Lucia Mountain Range, there have been tales of beings who watch travelers from the horizon, and some say those who look upon them vanish, never to be see again. With these stories said to have been happening more frequently, and as Gretel and Calabar are making their way through this stretch of land, they are about to be pulled into something not even the nearly three-hundred-year-old witch hunter has come across in her life!

When she stumbles across the beautiful and mysterious vampire Divo however, her excitement quickly turns to disappointment as she discovers he's not exactly like the seductive, manipulative villains in her stories. Sei, a 20-year-old office worker, is whisked away to a whole new world. Unfortunately for Sei, the ritual that summoned her — meant to produce a "Saint" who would banish the dark magic — summons two people over instead of one. And everyone prefers the second girl over Sei! But this is just fine by Sei, who leaves the royal palace to set up shop making potions and cosmetics with her newfound magic. Business is booming, and this might not be such a bad life, after all... as long as her supposed Sainthood doesn't come back to haunt her. (STL171970) (C: 0-1-1)

They do so by absorbing humans' H-energy — the sexual passion that fuels so many people and keeps the species reproducing! The government has assembled an elite team of superheroes to fight the bugs, aided by technology that allows them to transfer their erotic energy into super powers. High schooler Retto Enjo is recruited onto the team, partnering with four beautiful girls, one of whom is his childhood friend Kirara Hoshino. Can Retto save the world, keep his team together, and maybe even melt his childhood friend's newly cold exterior? (STL171978) (C: 0-1-1)

TOY TALK: MICHELLE VARNER

Toys, Statues and other collectibles don't just magically appear on store shelves. A lot of work goes into the concept, design, sculpting and final production of these items, and many of the people who work behind-the-scenes with companies like Diamond Select, DC Collectibles and Gentle Giant, among others, remain mostly unknown to their appreciative audience: the final consumer.

With *Toy Talk*, we hope to introduce you to the artisans behind some of your favorite collectibles, and to let them enjoy their well-deserved moment in the spotlight!

This month, we welcome *Varner Studios Vice President*, MICHELLE VARNER...

PREVIEWS: How did you get involved in the toy industry as a sculptor?

Michelle Varner: My father is Steve Varner — a well-known sculptor in the toy industry best known for producing the *Teenage Mutant Ninja Turtles* sculpts from the early '90s, hundreds of McDonalds Happy Meal toys, and countless fashion and baby dolls.

I grew up spending much of my time in the studio, constantly underfoot and bothering the sculptors as they worked. But more than anything, I loved watching their process as they would work. Back then was pre-digital sculpting age and they worked all in clay and wax and would sit at their desks with these thick magnifying glasses, painstakingly putting details on sculpts.

Growing up in this setting, I developed a love for artwork and would ask them for advice on my own projects. As soon as I got old enough, I joined my dad as a sculptor, and although I doubt he will ever retire, I have become his right-hand in running the company.

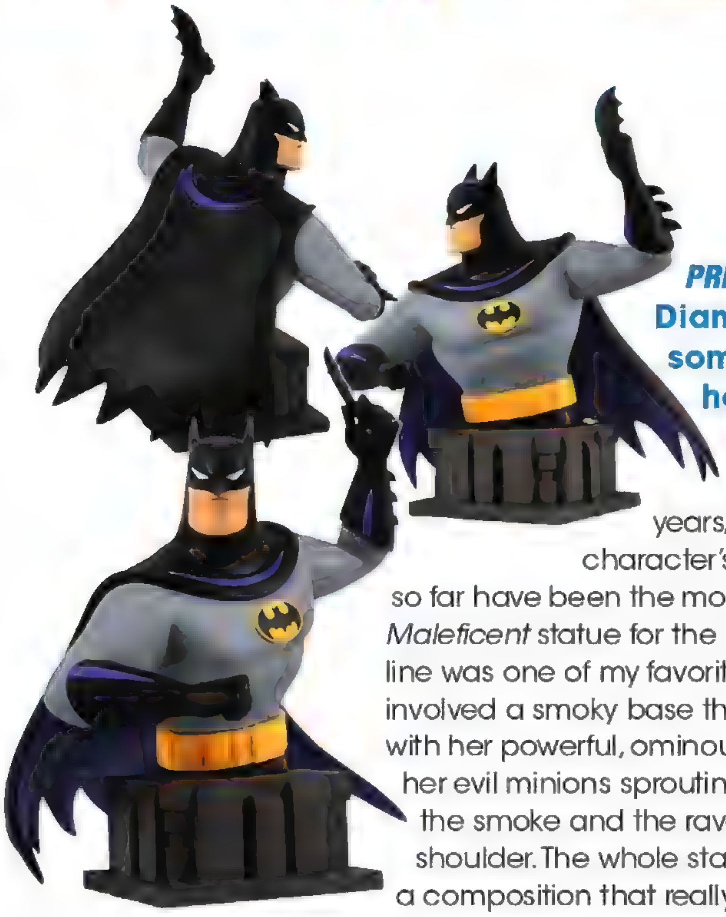
PREVIEWS: What are some of your favorite types of projects you get to work on for Varner Studios?

Michelle Varner: It's a tough question to answer because the thing I love the most is the sheer variety of projects we have. I have worked on everything from a talking animatronic baby doll and fashion dolls, Diamond Select's animated series statues and busts, and weird things like a prosthetic foot and fixing a live casting of Beyoncé's pregnant belly. Although we have our common projects, we never really know what we are going to be asked to do next!

PREVIEWS: Talk a bit about sculpting the Animated Wonder Woman Legends in 3D Bust. What were some of the challenges behind translating an iconic 2D design into a high-end 3D bust?

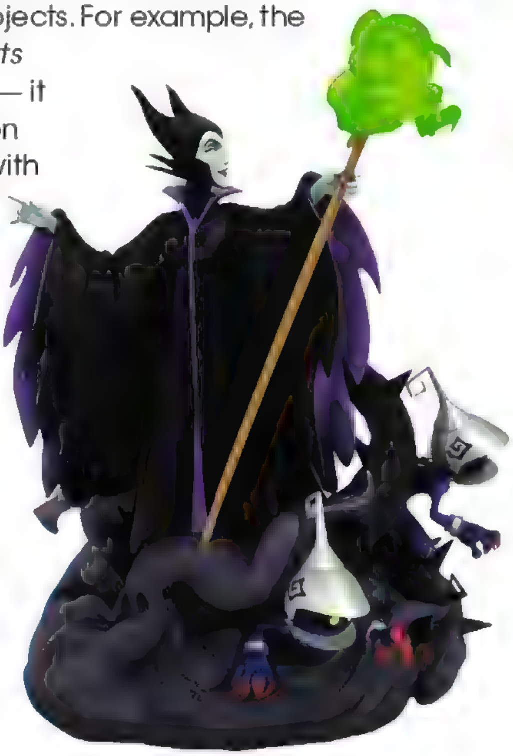
Michelle Varner: Personally, *Wonder Woman* is my favorite DC character, so whenever we are asked by Diamond Select to create a new Wonder Woman figure, I am the first to jump and claim the job. I have done so many of her at this point that is has become second nature — and yet, at the same time, I always feel like there is something I can improve on with each iteration.

This is especially true with this bust because it was going to be printed at a much larger scale, and each detail must be scrutinized more carefully because the details are more visible. What someone may not realize is that when an animation is drawn in 2D, the side views of the character and the front views rarely match up! Not just that, but Wonder Woman's face in the show has completely different proportions depending on the scene — so it really is an art to try to capture the "essence" of Wonder Woman in a more detailed sculpture.



PREVIEWS: Reflecting on your work with Diamond Select Toys over the years, what are some of your favorite DST pieces you have helped to create?

Michelle Varner: I have worked on dozens of *The Animated* Series figures over the last several years, and although I love being able to capture the character's personality and essence, my favorite DST projects so far have been the more detailed projects. For example, the *Maleficent* statue for the *Kingdom Hearts* line was one of my favorites to work on — it involved a smoky base that she stood on with her powerful, ominous attitude — with her evil minions sprouting up from the smoke and the raven on her shoulder. The whole statue itself was a composition that really spoke to who her character was.



PREVIEWS: With what's possible given modern-day prototyping technology, what are you excited to see more of in the toys and collectibles industry going forward?

Michelle Varner: Growing up in the '90s, I was able to witness the time just before the digital sculpting age — each of our sculptors painstakingly working on their clay figures. The process was long and tedious — there were no "symmetry" buttons you could push, no printing at a larger scale if the client wanted it "just 5% larger", no "undo" button if you rolled over your Tigger sculpture with your chair the night before it was due.

Now with digital sculpting, we can do in a week what previously would have taken months of hard work and back and forth communication. And although a high level of sculpting skills is required even with this modern-day prototyping technology, it is a tool that has completely changed the industry for the better. It allows for us to get the same excellent product with less time and effort invested — and thus without the same extremely high cost of labor. It has made making toys more accessible for smaller toy companies that may not have the budget required in the past.

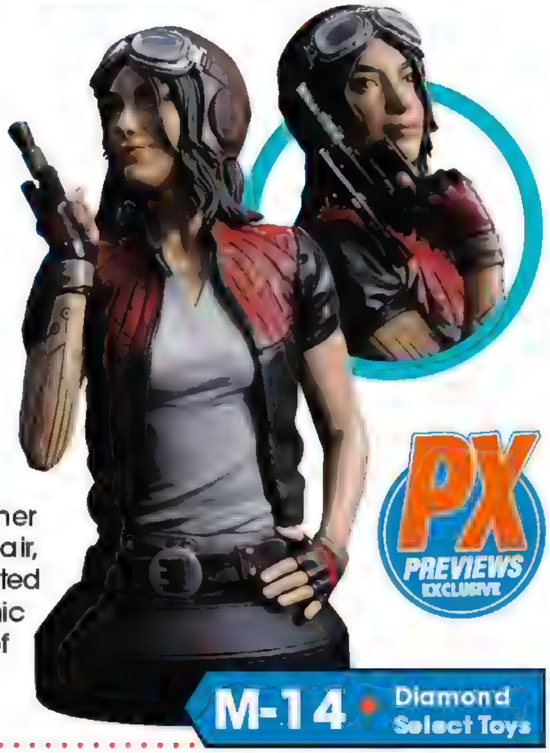
STAR WARS ARCHAEOLOGIST DR. APHRA COMES TO LIFE WITH A GENTLE GIANT MINI-BUST



Created by Kieron Gillen and Salvador Larroca in Marvel Comics' *Star Wars: Darth Vader* #3, Doctor Chelli Aphra is one of the most unique and popular additions to the *Star Wars* universe of the past decade. An archaeologist in a galaxy far, far away, Aphra's desire to uncover ancient artifacts leads her to make morally questionable decisions and she often finds herself in situations that put her very life on the line, often at the behest of Darth Vader and the Empire.

Gentle Giant brings *Star Wars* fans a mini-bust of Aphra, available exclusively through ***PREVIEWS***. From the tattoos on her right arm and her fingerless gloves to the goggles and leather flight helmet atop her hair, the *Star Wars: Dr. Aphra 1/16-Scale Mini-Bust* stands 7" tall and is limited to 3,000 pieces. Available only through ***PREVIEWS*** and your local comic shop, Gentle Giant's Dr. Aphra mini-bust is a collectible that no fan of the amoral archaeologist will want to miss!

VENOM IS TAKING OVER THE HEROES OF THE MARVEL UNIVERSE

In the third season of Disney XD's *Spider-Man* animated series, the heroes of the Marvel Universe were taken over and bonded to alien symbiotes like Spider-Man's foe Venom. Part of an invasion fleet, the aliens used the possessed Avengers to stealthily take over Earth's heroes one by one and, using a Venomized Groot, Spider-Man is able to stop the invasion and save Earth from the aliens.

Beast Kingdom celebrates the *Maximum Venom* story from the animated series with their *Maximum Venom D-Stage 6-Inch Statues*. Featuring statues of Captain America, Iron Man, Groot, and even Spider-Man himself, these statues depict the heroes in their alien, Venomized form atop a display base with the animated series logo. Standing 6" tall, these statues give some of your favorite Marvel characters a new and chilling style!

GWENPOOL BREAKS THE FOURTH WALL WITH GOOD SMILE'S NEW STATUE

Based on a comic cover, Good Smile's *Gwenpool: Breaking the Fourth Wall PVC Statue* shows the spunky Gwen bursting out of a comic book into the "real" world, missiles and mayhem following in her wake, perfect for any fan of this unique character!
